Republican A. P. Leased Wire] NEW YORK, Feb. 19-Business or the stock exchange today lacked the breadth and activity of recent sessions until the final hour, when rails again guided the list to higher levels at extreme gains of two to five points.

The better tone of railroad shares followed publication of excepts of the railroad bill, now being completed by congress. Wall street was not especially impressed, however, by that provision of the proposed measure which stipulated that wages are to remain ffixed during the period of government operation.

Buying of transportations was again most effective in the numerous secondary or low priced issues, whose speculative possibilities are being taken into account under the return o management to private ownership.

Much of the early irregularity wa occasioned by the erratic course o high priced industrials and specialtic notably Crucible Steel and Genera Motors. Crucible rose and fell within a six-point radius with a net loss of 21/4 points, while motors was equally irregular but made up all its loss.

Oils displayed consistent strength holding most of their gains on encouraging trade conditions. Steels equipments and shippings lacked stability, but rose firm to a strong close. Sales, 950,000 shares. Rail-road bonds followed stocks to a limited extent liberty issues eased and inter-nationals were strong. Sales, par value, aggregated \$12,750,000. Old United States bonds were unchanged on

Q. How many Yanks in the army of occupation married German girls? T. E. H. A. About 200 American soldiers have married German girls since the American forces reached the Rhine. These soldiers and their wives are soon to return to the United States. Future marriages of soldiers on duty in occupied areas are forbidden. Offi-

cere of the American forces in Germany contend that men without wives in Germany make the best soldiers.

Q. How much gold was exported from the United States last year?

F. W.

A. The department of commerce says that gold exports for 1919 amounted to \$368.185,248. The flow of gold from this country was greatest.

gold from this country was greatest to Japan, China and Argentina, from

which countries we imported silk, tea, vegetable oils, beef and hides.

Q. Will a thermometer, hanging in the wind, register any colder than one in the same atmosphere, that is protected? C. C. D. A. The weather bureau says that

A. The weather bureau says that all other things being equal, exposure to the wind does not lower the temperature of a thermometer.

Q. Were President William Henry Harrison and President Benjamin Harrison related? J. T. F.

A. Benjamin Harrison, who was the twenty third president of the United

twenty-third president of the United States, was the grandson of William Henry Harrison, who was the ninth president.
Q. How long does it take a ship to pass through the Suez canal? G. I. T.
A. Before the war the average the canal was 16

for passing through the canal was 16 hours and 19 minutes. In 1918, the average time rose to 23 hours and 6 minutes, due to relays made necessary

minutes, due to relays made necessary for military reasons. The pre-war time is being rapidly restored.

Q. Do ornamental palms require must water? L. A. S.

A. While regular watering is essential to palms, special pains should be taken not to water them too much. It is better, with most palms, to keep them a little too dry than too wet. While the palms are small, wash the foliage occasionally with soap suds made from a good soap. Immediately follow this with a thorough rinsing. When too large for this, spray the tops frequently with clear water.

follow this with a thorough rinsing. When too large for this, spray the tops frequently with clear water.

Q. Where was the assassin of President McKinley put to death? C. H. A. Leon Czolgosz. who assassinated President McKinley. was electrocuted at Auburn prison, New York. on October 29, 1901.

Q. How old are the King and Queen of Spain? T. C.

A. King Alfonso, ruler of Spain, is 33 years old, and Queen Victoria is one year his junior.

Q. What is the largest shipyard in the world? W. G. W.

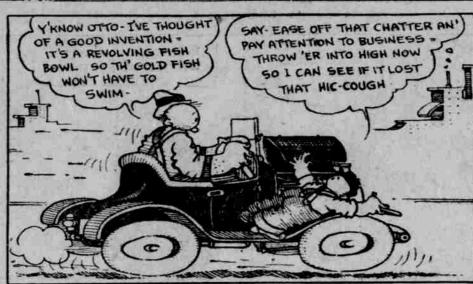

A. The United States shipping moard says that the Hog Island shipyard, at Philadelphia, is the largest in the world. The size of a shipyard is estimated, not by the acreage covered, but by the number of ways there are in the yard.

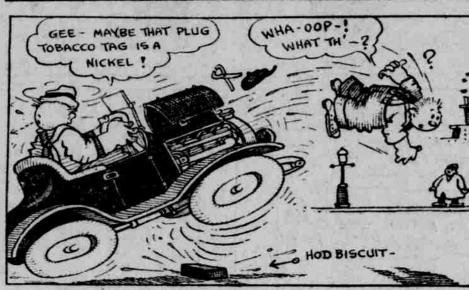

Q. In what battle of the civil war were there the greatest number of casualties? A. M.

A. Getysburg was the bloodlest battle of the war between the states. In that battle the total casualties numbered 23,001.

CURTIS TOBEY

HE'S FIRST GOAT-GLAND BABY

MILFORD, Kan .- Picture shows Dr. John R. Brinkley, holding "Billy," one of the famous goat-gland babies. Dr. Brinkley, a surgeon, has startled the scientific world by transplanting goat glands to men and women as a means of restoring a lost heritage. The parents of "Billy" had wanted a baby for 18 years. Dr. Brinkley persuaded the father to submit to an operation involving the transplanting of glands from a goat. This perfectly healthy and laughing baby came along to bless a home that had been childless for those many years.

your question plainly and briefly. Give full name and address and enclose two cents in stamsp for return postage. All replied are sent direct to the inquirer.)

WHERE TO REGISTER TODAY The City Hall; the School Adminis-tration Building; the Carnegle Library: the fire station at Five Points; the fire station at Ninth and Van Buren streets. Registration lists will be open every night until 9 o'clock. Registration closes on February 23.

Exports of domestic gold from New York last December showed a heavy increase as compared with the same month in 1918. The total was \$23,-246,193, as against \$985,950.
